The Newport Mercury,

—PUBLISHED BY—
THE MERCURY PUBLISHING CO.,
182 THAMES STREET,
NEWPORT, R. I.

THE NEWPORT MERCURY was established in June, 1858, and is now in its one hundred and thirty-eighth year. It has been published in the United States, and with less than half a dozen exceptions, the oldest printed newspaper in the English language. It is a large quarto weekly of fifty-six columns, filled with interesting reading—editorial, State, local and general news, well selected miscellany and valuable farmers' and household departments. It is published at the office of publication and at the various news rooms in the city.

May Festival.

The May festival given at the Guild Hall of Trinity parish by the young people of the parish Thursday was a most delightful entertainment and much praise is due all who participated in it. Of Miss Clara Melville, who taught the several dances, and of Miss Etta Melville, who acted as pianist and accompanist, especial mention should be made for the thorough manner in which each performed her part. The programme opened with a piano solo by Miss Etta Melville, which was heartily applauded. The May Pole dance by the Misses Elizabeth Melville, Catherine Coggeshall, Bertha Reigel, Mary Stewart, Mae Rounds, Martha Ward, Elsie Thibault and Mattie Appelles was very prettily danced as was also the minuet by the same young ladies later in the evening. The Misses Mary Stewart, Mae Rounds and Elizabeth Melville also gave a very pretty sarabande. Little Lizzie Gibson and Annie Wrenn showed the audience "How Grandma Danced the Minuet" and the little tots took their steps with a precision that would have delighted the souls of our grandmothers' dancing masters. The duet, "If don't want to play in your yard," by Annie Wrenn and Lulu Gunther, in blue gingham pinafores and sunbonnets was a decided success. Miss Gosling sang a solo in her usual pleasing manner. Miss Emily Gunther gave a zither solo and the little folks took part in the following tableaux: "Tally Ho"—Arthur Gunther, Lizzie Gibson, Lulu Gunther, Madeline Foris, Nettie Shields, Bertha Logan, Somner Johnson; First dancing lesson—Lulu Gunther, Lizzie Gibson, Arthur Gunther; Five o'clock tea—Lottie Sayer, Lillie Garside, Madeline Foris, Bertha Logan. "Goodnight" by Misses Lizzie Gibson and Annie Wrenn in night dresses and holding lighted candles, completed the programme, after which cake and ice cream were served and dancing was enjoyed.

Mr. Charles O. Titcomb died at his home on Third street Wednesday morning after a brief illness from pneumonia. Mr. Titcomb was in the forty first year of his age and leaves a widow and several children. His funeral will be solemnized from Belmont Memorial chapel at 9:30 o'clock tomorrow afternoon and will be attended by Wenas Shasit Tribe of Red Men, of which organization he was a member.

At the third annual convention of the Rhode Island Council, Daughters of Liberty, held in Providence on Tuesday, Mr. John M. Holt of this city was elected State Outer Guard.

Hotel Aquidneck, thoroughly renovated and in various ways greatly improved, will open today under the same popular management as last year.

Mrs. William Gammell and Miss Gammell have arrived for the season.

Home for Friendless Children.

The twenty-ninth annual report of the trustees of the Home for Friendless Children, which has just been issued from this office, shows both the financial affairs of the institution to be in a good condition and the general health of the children during the past year to have been good. The number of children aided during the year has been sixty-one; average number, forty-two; new admissions, eighteen; returned to friends, eleven, temporarily received, five; present number, forty-five. Since the foundation of the Home two hundred and ninety-seven little ones have been cared for and it speaks well for the kindly treatment they receive there, when those who are, after a time, sent to good homes, write that they are [homesick] and [want to come back]. During the year four children have been successfully treated at the Newport Hospital; one for [year] fever, one for St. Vitus dance, one for trouble with the eyes and one for sore throat. One death has taken place, that of a little girl who after a very short illness died of trouble of the lungs. Everything which medical care and tender nursing could effect was done to relieve the child whose sudden death was greatly felt by all the household. The funeral took place from Kay Chapel on April 28th, and the little white coffin was followed from the Home to the chapel by twenty of the older children.

With this sad exception it has been a 'bright' year at the institution. All have been doing well in the public schools and at Sunday (School), and of the eleven medals given by Trinity Church Sunday School for punctuality and good behavior, eight were awarded to pupils from the Home.

During the summer a few hours of schooling were given to the children for four days of the week, a plan which was found to work admirably for their happiness during the long weeks of vacation when they naturally grow restive with the inadequate size of the playground and the frequent opportunities for driving or playing on the beach. Despite these extra lessons there was plenty of fun and the entertainment and drives given to the children by kind friends were much enjoyed. It is the purpose of the board of managers to open a Day Nursery in the near future, in which young children of working women may receive needed care while their mothers are at their day's work. If the average kind-hearted citizen only knew how much pleasure the children at the Home derive from an occasional drive we know they would be given more opportunities for this enjoyment than they now have. The children all have little gardens of their own and contributions of flower seeds and plants are always hailed by them with delight.

The financial report shows the expenditures for the year to have been \$5,157.41, deposited \$629.38 and balance to treasury \$1,170.30. The income has been \$222.00 from subscriptions, \$410.00 from cash donations, \$60.40 discounts on bills, \$631.00 for board of children, \$104.00 cash returned, \$1,035.00 from interest in the several funds, added to the balance of \$1,478.87 in the treasury at the beginning of the year, making a total of \$6,957.12. Beside the cash donations, kind friends have sent the children, books, papers, fruit, toys, flowers, clothing and material to make clothes, hats, bonnets, ice cream, cake, candy, tuckers and fixins, subscriptions to several papers and magazines, games, decorations for Christmas tree, bread, buns and doughnuts, so that though the little ones may have no one to whom they belong by ties of blood, still they must feel that there are some friends to whose hearts they are very near and dear, who take this substantial way to prove their friendship.

The Ancient and Honorable Artillery Company, of Boston, starts upon its European trip on the 29th proximo. Mr. A. C. Titus of this city is a member of the Company and will form one of the party on its proposed excursion abroad.

The annual meeting of the Flower Mission was held at Odd Fellows Hall yesterday afternoon. The election of officers was followed by a musical programme and cake sale.

Gunner Charles Morgan left Newport yesterday afternoon for duty on board the cruiser, New York. His many friends here wish him bon voyage and a speedy return.

Miss Maud Gifford and Miss Mattie Pearson, of this city, attended the reception in Fall River Wednesday evening given by Mr. E. Y. Mason.

Albert E. Hole of this city has been absent from his home for more than a week and his friends are anxious regarding him.

Miss Annie Coleman, of Fall River, is the guest of Mr. and Mrs. James I. Bowler.

Mr. Peter Knoxe, who is under treatment at the Hospital, is recovering.

School Board.

The regular meeting of the school committee was held Monday evening, the members present being Dr. C. F. Barker, chairman, and Messrs. O. G. Langley, A. B. Sayer, W. G. Ward, W. P. Clarke, J. H. Cozzana, S. P. Slobom, R. S. Franklin, G. S. Perry, A. C. Titus and John Gilpin.

The committee on Industrial School reported that \$3,000 was needed for machinery to complete the equipment of the school. A resolution which called for the appropriation of that amount from the income of the Ellen Townsend fund, was introduced. A long discussion followed, brought about by the fact that there was an indisposition on the part of the committee to allow local residents to have an opportunity to furnish prices. After considerable discussion an amendment to consider local applications was carried unanimously.

The resignation of Miss M. J. Dring, one of the teachers, was accepted, to take effect in June, and the committee on teachers were given power to fill the vacancy thus caused. The superintendent's report for the month showed the following statistics: Total enrollment, 2762; term enrollment, 2612; number belonging, 2357; number attending, 2109; percentage of attendance, 83.

The total number of different persons enrolled in the Townsend Industrial School courses, for the four weeks ending May 8, is 1035.

Industrial and commercial (High School). Total enrollment—Boys, 37; girls, 3; total, 40.

Sloyd. Total enrollment—Teachers, 14; boys, 383; total, 317; possible number of days' attendance, 686; actual number of days' attendance, 697; percentage of attendance, 94.

Cooking. Total enrollment, 420; possible number of days' attendance, 603; actual number of days' attendance, 605; percentage of attendance, 87.8.

Sewing—Total enrollment, 500; possible number of days' attendance, 884; actual number of days' attendance, 693; percentage of attendance, 78.1.

Evening classes (non-attendants)—Drawing, enrollment, 37; bookkeeping, 25; cooking, 50; dressmaking, 29; counted twice, 11; net total, 139.

The trust officer's report showed the number of cases investigated (reported by teachers), 138; number found to be truants, 10; number out on account of illness and other causes, 122; number found not attending school, 11; number sent to public schools, 9; number sent to Catholic Schools, 5. May 1 Arthur Hassett was committed to the Sockanuset School for two years, for habitual truancy. The report recommended that Thomas Yates, John Schoenitzer and Alfred Fowler, who are habitual truants, be prosecuted according to law and by vote of the Board, the trust officer was given authority to prosecute them.

The superintendent and head master of the Rogers High School were given authority to engage a suitable hall in which to hold the graduation exercises of the High School. Permission was granted to Mr. C. H. French to give an illustrated lecture on Alaska for the benefit of the school children. Upon recommendation of Superintendent Barker it was voted that the grounds connected with the Cranston avenue school building be properly graded and further improved, under the direction of the committee on buildings.

Mr. Titus, from the committee, read the proposed changes in the rules, as per notice at the last meeting. The changes and the copious additions, defining the duties of the various committees, were so numerous that they were ordered printed for the benefit of the committee, in order that they may more fully understand them when, according to the rule, they come up for action at the next regular meeting.

Fire in The Berkeley.

Early Tuesday morning an alarm of fire was rung in from box 1 and the department responding promptly found what threatened to be a serious fire. The upper story of The Berkeley, at the corner of Bellevue avenue and John street, seemed to be all ablaze and water was immediately turned on. In less than two hours the fire was under control. The fire originated probably from a box of hot ashes.

The building was occupied on the lower floor by William Carry as a fruit store, by Kiku Jo Minami, dealer in Japanese goods, and there was a small stock of gold furniture owned by Mr. Bryson of New York, who had rented the place for the summer. John Morley has a barbershop on the John street side. The second story is used for bachelors' quarters, two of which only were occupied, one in the oil on John street by Mr. Fred H. Palm, and the other by Mr. F. Eldridge, in the northwest wing. Neither of these gentlemen's apartments were damaged, as the fire was confined chiefly to the main building.

The damage to the building, which is owned by Mr. J. N. A. Griswold, is about \$2,500, and there is a loss of at least \$1,000 on the furniture. The German American and the Launceston companies, through DeBols & Eldridge, have \$3,750 insurance on the building and a policy for \$2,125 is written in the Imperial. Mr. A. S. Sherman agent. DeBols & Eldridge also have a policy of \$600 on the stock and furniture in Mr. John Morley's barbershop, but his loss is trivial. Mr. Carry was insured by Mr. A. S. Sherman in the Phoenix Insurance Company, for \$1,000, and estimates his loss at about \$400 or \$500. There was no insurance on the stock of Mr. Minami, but his loss will not reach \$100.

Base Ball.

The Rogers High School vs. New Bedford High School was the competing teams on Freebody Park last Saturday afternoon and although the visitors won, the contest was close and interesting. The score was as follows:

Newport Horse Show.

The Horse Show to be given at Freebody Park on August 20, 21 and 22, promises to furnish one of the best entertainments ever given in this city. The executive committee consists of Prescott Lawrence, chairman; O. H. Belmont, Center Hitchcock, L. L. Lorrill, William H. Mayr, Francis M. Ware and Henry F. Eldridge, Secretary and Treasurer. The list of prizes to be awarded, amounting to nearly three thousand dollars besides specialties, have already been published in the MERCURY. The rules and regulations governing the show are as follows:

1st.—Necessary printed forms for entry supplied on application to the secretary of the Newport Horse Show. No entry received unless made on regular printed form.

2d.—All entries must be made by the exhibitor or his authorized agent, and no animal will be admitted for exhibition unless the form of entry is duly signed by the exhibitor or such agent, and the amount of entrance fee has been allowed and sent, on or before Friday, August 14th, this being the last day for receiving entries.

3d.—Enter each horse in its proper class; no alterations made after the last day of entry. The age of each animal must be stated on the form of the entry, and computed from the first of January.

4th.—All horses entered must be the bona fide property of the exhibitor.

5th.—The fee charged on each entry is \$5 when the first prize does not exceed \$100. When it exceeds that sum 6 per cent. of the value of the first prize will be charged, except in classes 22, 23, and 24, when the entrance fee will be \$20.

6th.—Ten entries to fill in each class or the money prize may be withheld. The rules do not apply to classes for four-in-hands and teams. (Nos. 3, 9, 10 and 11.)

7th.—In case of horses being entered and not exhibited, the entrance fee will be forfeited.

8th.—The committee reserve to themselves the right of declining to receive any entry, and to return any entrance fee before the opening of the show, without being liable for compensation.

9th.—The committee will not be responsible for any accident that may occur to any animal exhibited at the show, and the exhibitor shall hold them harmless and indemnify them against

Does anybody go into a clothing store, put down \$10 or \$20, and say, "Give me a suit for that money?" Of course they don't. First, the goods—next the dollars.

We advertise just to make you acquainted with the kind of clothing we sell. After you have seen the styles of one of our suits, and notice the fittings, examine the making. You have something to size up the price with then.

Look at our Spring Covert Overcoats for \$10, the \$14 ones. We'll risk but what the prices will please you. We sell Suits made by men tailors at \$15, \$20 and \$25. They are good enough for the richest man if he's not extravagant.

Our clothing would please nine men out of ten, if not the whole ten. It's the kind your tailor makes to your measure; the only difference,—ours cost you one-third less.

posed to the second Monday in June. The first account of Robert D. Hall, executor in the last will and testament of Harriet Hall, was received and referred to the second Monday in June, with an order of notice.

Council Business.—It was voted that the Island of Providence be allowed the sum of \$125 from the highway appropriation, to be expended in repaving a cut in road on said island, under the supervision of Charles B. Dyer, an assessor of highways in district No. 4.

The town clerk was authorized to have six hundred copies of the tax list printed, together with a list of the town officers and the town treasurer's report, itemized.

A request was received from Joseph J. Smith of Providence, R. I., asking the consent of the town council to the selling of certain old copies of "Acts and Resolves of the General Assembly," which request was not granted, as the members did not think it advisable to part with any such records in their possession.

The bond of the town clerk was received and ordered on file in the town treasurer's office.

The assessor of highways in district No. 2 was authorized to keep all gutters in his district free and clear, so that the flow of water may be unobstructed.

The assessor of highways in district No. 3 was authorized to make an additional purchase in Charity bridge, so-called, the assessor to consult with Councilman Thomas in regard to making the change.

THE OLYMPIC GAMES.
An elegant illustrated booklet given free to our readers.

Messrs. J. S. Johnson & Co., 22 Custom House St., Boston, the proprietors of Johnson's Anodyne Liniment, have published a souvenir of the Olympic games at ancient Athens. This booklet is elegantly illustrated with half-tone plates of all the competitors from Boston. The descriptive story tells of the first games, and which are supposed to have begun 776 B. C., and continued until 394 A. D. It will thus be seen that the games are over 1500 years old. The story is full of interest, and was prepared by James Shields Murphy, editor of the Gopher, who in line of continuous service as a sporting writer is the longest in the service of any in this country. In the booklet are biographical sketches of the American athletes, with what they have done previous to the Olympic games, and what they won at Athens, making the book worth keeping for reference. Any one interested in athletics of any kind can find much to interest them in this booklet, which will be sent to any address free, by the publishers.

A Question for Farmers to Consider.
Whether they can run their farms without the butter income or not.

But a few years ago two-thirds of our farmers brought butter to this market with a profit, but there is not more than a tenth of your number that follow this industry now. About 50 per cent. supply the local creameries (at prices that afford no profit), and the balance have abandoned it because they cannot compete with creamery butter. The result is that our money goes largely to distant creameries out of the State when it should stay at home, where it is much needed. With a little push and a small expenditure this output could be checked and home industry would become profitable again. We are prepared to equip a dairy with apparatus that gives any farm a cream product at home.

The reason that Separators can be more valuable to you than any other farm implement: It separates the cream from the milk at the time it is milked, warm from the cow. It removes every particle of cream. This done on our best system you have a sweet skim milk and have an increase of cream of from 10 to 30 per cent. over the old system of skimming. You have filtered your cream and milk, making them absolutely pure. The cream is all there is to cool. It can be stored in the well for cooling, saving the expense of ice. From there to the churn, where it is separated from the butter in half the time it takes by the old way. There is but little work to be done, as the extractor has taken nearly all the moisture from the cream in separating. This method can again bring to you former prices. Cream wholesalers readily at 45 cents per quart in your neighboring cities, which cannot compare with the cream that this island produces.

We started a Separator this past week on a gentleman's farm, who has used the old system. The manager was utterly surprised to see the filtration from his milk, as he had given all possible care to cleaning the herd. He says the cream is the finest he ever saw, so solid and firm without a trace of cream on the separated milk.

The Perfect Separator is the "Little Giant Russian." Call and see it.

NOW IS THE TIME TO BEH THE

The following bills against the town were allowed and ordered paid, viz: Of William T. Harvey for assistance to outside poor, four weeks, \$40; of assessors of tax, for assessing the taxes on the annual town meeting, \$20; of William H. Clifford, for services as assistant auditor, \$3; of C. U. & C. E. Chas, eight jumps, books, and two hundred chairs for the town hall \$131; of Charles H. Dyer, for labor on highways in district No. 4, \$50.75; T. T. Pittman, balance on bill rendered, 75 cts.; of Charles J. Thomas, one special council meeting, \$5; for this session, \$2.50.

The Sunday school of the Christian Church, South Portsmouth, held its thirty-fifth anniversary in the audience room of the church, on Sunday evening, a large company being present.

The Rev. L. L. L. Dyer, preached in St. Mary's Church on Tuesday evening and administered the rite of confirmation to eight candidates.

The Portsmouth Sanitary closed its second year last night.

A very pleasant surprise party was given to Mrs. Henry Anthony, by her daughters, on Friday afternoon, May 8, it being the anniversary of Mrs. Anthony's birthday. The invited guests who were present were Miss Rachel Anthony of Jamestown, Mrs. John H. Manchester of Middletown, Mrs. George Manchester, Mrs. Susan Manchester, Mrs. William Clifford, Mrs. Edward A. Cogswell, Mrs. Thomas H. Holmes, Mrs. John J. White and Mrs. Edward Almy of Portsmouth. Two more ladies were invited but were unable to attend. Mrs. Anthony's six daughters and one daughter-in-law were also present and furnished the very nice supper that was served to the company.

Three of Mrs. Anthony's grandchildren were among those present. Mr. Anthony, with his customary kind heartliness, provided candy and some very nice apples for the refreshment. Mrs. Anthony was the recipient of some very pretty gifts, among them being a bouquet of roses and carnations and an Easter lily.

Not Particularly Impressed
"Ever anything like it?" said the man who was showing him around. "Anything like it?" counterpointly answered the Western. "I put up with the high buildings of Danbury street. I say, you ever in a Kansas city hotel?" (Chicago Tribune.)
